## PROGRESSIVES ARE GOING TO TAKE TO WAR PATH RIGHT NOW

Action of State Central Committee in Santa Fe Yesterday Explodes all Hope for Retribution Harmony.

### RESOLUTIONS PUT BAN ON FUSION

Convention to be Held at Belen September 3rd Expected to Nominate Full State Ticket.

(Special Dispatch to The Herald.)

Santa Fe, N. M., July 24.—Action taken by the Progressive party's state committee at its meeting here yesterday afternoon put the final quietus on the bright hopes of the Republicans for a fusion in which the Bull Moose might be induced to consent to at least a temporary union of the once solid Republican party in New Mexico. The Republicans have given up. Hope for a get together movement has been abandoned and with that hope goes all hope of Republican success in New Mexico in November. The Progressives declare against fusion in any form. They turn down all possible offers of compromise of whatever nature, and declare for battle, under the banner of the peerless colonel, still standing at Armageddon. The action taken yesterday, the strength shown in the attendance at the committee meeting, the energetic form of the rejection of all offers of compromise from the stand pat wing of the party, and the general enthusiasm shown for the cause, indicate clearly that the Progressives will make an aggressive and a much more successful campaign than that of 1912, and that they will cut deep into the stand pat vote in every Republican county in the state.

The state convention is to be held in Belen on September 28th and a notable feature of the meeting will be the make up of the Heller committee, which came up to ask for and which got the convention. Headed by Mr. C. Spicer, an active candidate for the district attorneyship in the three counties over which Judge Mechem presides, Spicer, a Republican, has a large backing among Republicans who are incensed at the course of the Valencia and Socorro county cases in handling the Republican nomination to Harry P. Owen of Albuquerque, without the formality of consulting the rank and file. The personnel of this delegation means only one thing. It means a strong Progressive fight in Valencia and Socorro counties; with a possible fusion on the district attorneyship; and in any event it spells a huge cut in the Valencia county Republican majority, and certain defeat for that party in Socorro county.

The Progressive resolutions, adopted by the committee are as follows:

**The Resolutions.**  
The Progressive state central committee today passed the following resolutions:

Whereas, certain persons representing themselves as members of the Progressive party have through the public press and otherwise, gone on record as advocating the principle of state-wide fusion and the nomination of various persons who are not connected with the Progressive party.

Be it resolved, That it is the sense of this committee that no fusion of any nature whatsoever should be considered with either of the old political organizations or candidates for state congressional offices.

And be it further resolved, That the members of the committee are opposed to the nomination or endorsement of any person or member of the house of representatives of the United States congress or for the office of corporation commissioner of the state, who is not now recognized as a loyal member of the Progressive party and who does not subscribe fully to the principles of the Progressive party as enunciated in the Chicago platform of 1912 and in the Albuquerque platform adopted the same year.

We recommend a careful consideration by the members of the Progressive party, of the proposed amendment of article 8 of the constitution of the state of New Mexico relating to taxation and revenue of the state to be voted on the next election.

The Santa Fe New Mexican, official organ of the Progressives, in its introduction to a report of the committee meeting, sounds the spirit present in the meeting when it says:

Any doubts about the fact that the Progressive party in New Mexico is alive and doing business were dispelled by the meeting of the state central committee when it was called to order by the State Chairman M. A. O'Brien at 2 o'clock this afternoon at Progressive headquarters on San Francisco street.

Twenty out of the 24 counties of New Mexico were represented at the gathering, which was larger than the meeting of the Republican central committee and twice as enthusiastic. The hopeless split in the Republican party, the attempt of the old bosses

to rivet the collar on the voters in the same old way, and the widespread talk of serious dissension in the Democratic ranks, with the resurgence of Theodore Roosevelt have combined to instill all kinds of vigorous optimism into the Progressives of New Mexico; and the central committee meeting showed it. It was a meeting that bespoke also a businesslike determination on the part of the organization throughout the state.

## Elias Garcia Case Found Against Plaintiff

(Special Dispatch to The Herald.)

Santa Fe, N. M., July 24.—Late this afternoon the state supreme court handed down a decision in the case of Florence Lillian Garcia, a minor, by E. N. Wilson her next friend, against Mrs. Peter C. Garcia, the famous Garcia estate case from Albuquerque, in favor of the defendant, Mrs. Garcia. The opinion, which is very lengthy, goes into the question of legitimacy of the Garcia child, the plaintiff and also into the ethical status of the suit and is a severe arraignment of lawyers participating in the plaintiff's side.

## REPUBLICANS GROW ANXIOUS OVER PARTY ROWS

With Democrats Presenting Solid Front They are Unable to See Anything but Trouble in Immediate Future.

A well informed political correspondent writing to the El Paso Herald has the following on the general political situation in New Mexico:

Santa Fe, N. M., July 21.—Republican leaders do not understand the harm that is being done the party as a result of factional rows existing in several counties it controls, especially in Bernalillo, and as the date for the state convention in August approaches, steps for bringing about agreement satisfactory to all factions are being taken.

A Republican defeat this year will seriously handicap the party in the 1916 state campaign, when a governor and state officers will be elected, and this is why a victory is desired in November when a congressman, state corporation commissioner, and members of the lower house of the legislature are elected.

**Democrats Grow Stronger.**  
The Democrats are already patching up the minor rows they have in several counties and indications are they will present a united opposition to the Republicans and the "Progressives." With the Democrats working harmoniously and the Republicans and "Progressives" fighting among themselves and opposing each other, prospects for either of these parties to defeat the Democratic candidates appears extremely unlikely.

Congressman H. B. Ferguson, who is assured of re-election by the Democrats, will return in August to attend the Democratic state convention, it is said, though he will be re-nominated as a matter of course, with little or no opposition.

## SANTA FE CITIZENS LOYALLY HIRE SUBSTITUTES

Good Roads Day in the Capital Witnesses Enthusiastic Turn out of Bosses. Excellent Results Accomplished.

(Special Dispatch to Evening Herald.)  
Santa Fe, N. M., July 24.—Although the percentage of bosses on the job today was somewhat high, Santa Fe's good road and clean-up day proved a huge success from the standpoint of results accomplished. More than seventy-five men were hired by citizens, and with a strong force from the penitentiary the whole city was swept clean in a whirlwind campaign. Not a weed remains standing; not a hole remains unfilled. Justice Hanna of the supreme court headed one of the brigades of workers, getting up at day-break to do it, after having been up all night in an adventurous automobile journey from Cerrillos.

**Motorists Stuck in Mud.**  
The persistent heavy rains have made all roads leading into Santa Fe difficult of navigation. With the heavy rain here last night over four inches have fallen during July and the total will reach six inches at the present rate. The party of Masons who went to Cerrillos last night to attend ceremonies of the Cerrillos lodge were stuck in the mud coming home and didn't get in until day-break. The Roswell delegation to the Progressive state committee meeting yesterday, were stalled at the Pankey ranch, where they were forced to spend the night.

## MOYER AGAIN HEAD OF THE WESTERN FEDERATION

Report of Referendum Committee Made Today to Convention of Miners Union in Denver.

Denver, July 24.—The committee which canvassed the referendum vote of officers today reported to the convention of the Western Federation of Miners the election of the following: President, Charles H. Moyer; vice president, C. E. Mahoney; secretary-treasurer, Ernest Mill; executive board members, J. C. Towney, Butte; William Davidson, New Denver, B. C.; Guy Miller, Joplin, Mo.; Yancey Terrell, Angeles Camp, Calif. Fraternal delegates to the United Mine Workers of America convention were chosen as follows: J. C. Williams, Grass Valley, Cal.; Charles Tanner, Virginia City, Nev.; Joseph D. Cannon, Bleebe, Ark.; James Shea, Butte, Mont.

A motion to elect a committee of three to go to Butte and hold a new election in the Butte local union was put over until next Tuesday when the Butte controversy will be made a special order of business.

## STRONG MEASURES TO SUPPRESS STRIKE RIOTS IN RUSSIA

St. Petersburg, July 24.—Strong measures were taken by the authorities today to suppress the strike riots which have been in progress for several days in the streets of the capital during which a large number of casualties have occurred in the conflicts between the police and Cossacks and the striking workmen. Considerable leniency was shown during the presence here of Raymond Poincare, president of the French republic, but immediately after his departure four regiments of cavalry of the guard and two regiments of cuirassiers under the command of General Sazonoff arrived from Krasnoyarsk to assist in suppressing disorders. They brought with them a number of quick firing machine guns.

A squadron of the newly arrived cavalry at once came into contact with the strikers, charging and dispersing a crowd of them.

The authorities estimate the number of strikers at 125,000 but it is believed the total is greater.

## CANANEA MINES FIRED BY STRIKERS

Douglas, Ariz., July 24.—The Overight and Veta Grande mines of the Cananea Consolidated Copper company at Cananea, Sonora, were fired on by fire early today. The Veta Grande was burning in several places, giving rise to the belief that the fire was incendiary. Company officials said they hoped to get the blaze in that mine under control today but not much hope was held for the Overight mine, with which it is connected by a tunnel.

The Copper Queen helmet crew of seasoned men is en route to the mine because of first reports that several miners were entombed, but it developed later that no one was trapped.

## SCHRAK MAY NEVER BE TRIED FOR TRY AT ROOSEVELT'S LIFE

Milwaukee, Wis., July 24.—Joseph Schrank, who attempted to assassinate Colonel Roosevelt in Milwaukee in October, 1912, probably never will be tried on the charge of assault with intent to kill, according to Judge A. C. Backus of the municipal court who today received word from physicians in the criminal insane department of the state prison at Waupun that Schrank is daily growing worse from a mental standpoint.

## HAVERSTRAW SHOCKED BY BRUTAL KILLING

Haverstraw, N. Y., July 24.—Witnesses who saw William V. Cleary town clerk and political leader, kill Eugene H. Newman, his young son-in-law, in Cleary's office yesterday testified at the coroner's inquest today that Cleary fired four shots at Newman before the boy had said a word. Cleary will be arraigned Monday morning. An autopsy was performed today on young Newman's body. Newman is said to have aroused Cleary's anger by clashing with his daughter.

## RAINFALL RECORDS BEING SMASHED IN SOUTHERN NEW MEXICO

Hurley, N. M., July 22.—It is believed that all records for rainfall in any one month have been broken here. Since the first of July a total of 8.75 inches of rain has fallen. Saturday a wall of water 11 feet high swept down the canyon at the Chino Copper company's power station, on Whiskey creek, while at the B ranch six feet of water was registered. The Mimbres river is full of water, the first time in three years. Farmers along the river report a beautiful supply of water and the crop outlook is the best in years. Range grass is knee high. At several points the recent high water did considerable damage, washing away corn and alfalfa. The wheat has all been harvested and stacked.

**Stole Burns Rifle.**  
Dunfries, Scotland, July 24.—David Graham Carmichael, a silk inspector of New York City, today pleaded guilty before the county court judge at Ayr to the theft of a brass handle from an antique bureau in Robert Burns' cottage in Ayr. He was fined \$125.

# Golden Rule Dry Goods Co.

## FIRE IS SWEEPING INDIANA CITY

Jasonville, Ind., July 24.—Fire, which started shortly after noon today in the Family theater, a motion picture house here, had spread in a score of business houses, covering a radius of four blocks, at 2 o'clock and was unchecked. Thousands of dollars' damage had been done but there was no way of estimating the probable loss.

Jasonville is practically without water supply because of the drought. Help has been asked from the Terre Haute and Indianapolis fire departments.

## CRIMINAL CASES TO WAIT UNTIL CIVIL SUIT WELL STARTED

New York, July 24.—Not until the civil suit filed yesterday to dissolve the New York, New Haven and Hartford railroad is further advanced will criminal action against certain directors and officers be begun, according to an announcement today by T. W. Gregory, special assistant to the attorney general.

The answer of the New Haven company to the suit in equity brought yesterday must be filed on or before August 12, the date on which the criminal action is expected to start.

## DON'T DELAY Some Albuquerque People Have Learned That Neglect Is Dangerous.

The slightest symptoms of kidney trouble is far too serious to be overlooked. It's the small, neglected troubles that so often lead to serious kidney ailments. That pain in the "small" of your back; that urinary irregularity; those headaches and dizzy spells; that weak, weary, worn-out feeling, may be nature's warning of kidney weakness. Why risk your life by neglecting these symptoms? Reach the cause of the trouble while there yet is time—begin treating your kidneys at once with a tried and proven kidney remedy. No need to experiment—Dean's Kidney Pills have been successfully used in thousands of cases of kidney trouble for over 30 years. Dean's Kidney Pills are used and recommended throughout the civilized world. Endorsed at home. Read Albuquerque testimony.

Mrs. J. D. Cole, 219 E. Broadway, Albuquerque, says: "For some time one of our family suffered from his back as the result of kidney disorders. Hearing of Dean's Kidney Pills and seeing that they were recommended for such troubles, he tried them. Dean's Kidney Pills gave relief from the aches and pains, and drove away the lameness over the kidneys." Price 25c, at all dealers. Don't simply ask for a kidney remedy—get Dean's Kidney Pills—the same that Mrs. Cole recommends. Foster-McBarn Co., Props., Buffalo, N. Y.

Let the Herald want ad do your work.

## BREACH OF PROMISE SUIT BLACKMAIL SAYS HAGER

Las Cruces Man Issues Statement Regarding Action for \$30,000 by Fair Defendant in Hot Springs.

Las Cruces, N. M., July 24.—D. C. Hager, banker of this city, against whom a breach of promise action was filed in Santa Fe this week by Mrs. Rose Fishback of Hot Springs, Ark., in which the fair plaintiff seeks to recover \$30,000 for alleged damages to her affections, declares the suit is an attempt at blackmail. In a statement published in the Las Cruces Republican Mr. Hager says that his acquaintance with Mrs. Fishback covered less than six months, and while under other circumstances she might have become his wife, he had the best of reasons for the termination of his acquaintance with her, according to his statement. After his marriage, on June 5th, 1913, to a most estimable lady, the woman known as Mrs. Fishback began to annoy him with correspondence and in other ways, and the suit for breach of promise is the result of his continued refusal to treat with her or pay tribute. A compromise has been sought for Mrs. Fishback which Mr. Hager refuses to entertain, preferring to have the matter come into the courts, and to settle it in the open where all interested may know the unfairness of the suit against him.

Mr. Hager is well known here and his standing has always been that of an honorable, upright gentleman. He is respected by all who know him and has through years of hard work and fine management, accumulated considerable wealth, and is now vice president of the First State bank and actively engaged in the banks' business.

## FEDERAL BUILDING CONTRACTORS AT ROSWELL SUE

Roswell, N. M., July 23.—Attorney A. J. Nisbet in behalf of clients has filed four suits against J. E. and A. L. Pennock and the Title Guarantee and Surety company of Scranton to collect sums aggregating \$5,000.

The suits are styled, The United States against J. E. and A. L. Pennock and their bondmen in behalf of Mr. Nisbet's clients and were filed in the United States district court.

J. E. and A. L. Pennock are the contractors who constructed the big federal building in this city and according to the complaints filed by Mr. Nisbet they went away owing the Hallitt & Howard Lumber company of Denver \$2,000, the Roswell Lum-

## TORRANCE COUNTY DEMOCRATS HOLD CONVENTION AUG. 1

August 1st has been chosen as the date for holding the Torrance county Democratic convention to be held in Estancia. The precinct primaries will be held tomorrow.

## LADIES ASKED TO BE DELEGATES TO CONVENTION

Managers of Big Santa Fe Meeting Hold Ladies as Much Interested as Men in Road Improvement.

Santa Fe, N. M., July 24.—In response to several requests the local good roads association today made announcement that the ladies are able to act as delegates to the good roads meeting in this city next week with equal ability and rights as the men. The ladies are also invited to attend all sessions of the convention, as guests, if they do not care to do so as delegates.

This announcement, it is expected, will result in a number of the delegates bringing their wives with them to the meeting and in the increase of the association membership through the ladies paying their membership fee and registering as delegates. Many of those who make the trip overland will bring their wives with them in

any event and this statement is expected to increase that number.

President Francis E. Lester of the state highway officials' association, discussed the matter as follows:

"This good roads question is one in which the women of our state are interested as much as they are in the school question. They travel the roads; many of them own property whose taxes help pay for and maintain the roads; and they are generally in line with all progressive movements in the state. Why should they not be invited to attend the meetings of these conventions which are to be held for the purpose of discussing subjects in which they are vitally interested?"

**Citizens Will Work Streets.**  
To aid in getting the streets of Santa Fe into proper condition for the inspection of the visiting good roads delegates, the local citizens at the request of the chamber of commerce, will turn out in a body to put in a day's work as common laborers, side by side with a delegation of engineers from the state penitentiary whose labor for a day has been donated by the warden of that institution. The local boys scouts will carry water and act as messengers.

The chamber itself has gone on record as favoring the representation of each of its members on the streets that day, either in person or by proxy.

The collection of funds for the entertainment of the delegates at the meeting has been commenced and considerable progress has been made. The finance committee is hard at work and expects to have the funds raised by tonight.

Promises of attendance continue to come in and it looks now like the meeting would be a roaring affair which will place Santa Fe on the good roads map for many years to come.

To give concrete columns for buildings wide foundations a German engineer has invented a method for blasting away the earth with dynamite, making a hole which the soft concrete quickly fills.

Growers of the French Riviera, who ship about 2,000,000 boxes of cut flowers to distant cities every year, have found that they keep fresh much longer if kept in cold storage for a day or two before shipping.
